

Brand Guidelines

Clear space and minimum size

When you're using the logo with other graphic elements, make sure you give it some room to breathe. The empty space around the logo should be at least 150% of the width of the logo. To ensure the logo maintains its visual impact, do not go any smaller than 16 pixels wide.

Color

The OnlyFans logo is always either blue or white. It must be legible and maintain the integrity of its form.

When placing the logo on an image, always use the white logo version. For images with a light background, we suggest applying a 12-25% black tint to the image to maintain legibility of the white logo.

Logo pairings

The primary reason we use the logo pairing lockup is to indicate that an account is on OnlyFans.

When pairing a name or username the OnlyFans logo, make sure our logo is in blue or white. Observe our clear space rules, and scale the text to 100% of the height of the logo.

Feel free to use a typeface that's from your brand's design system.

Social icons

When using the logo alongside other social icons to represent your presence on OnlyFans, you can use the logo in either blue or white, displayed at equal size and height to the other social media icons. When using the logo in white, the background color may be set in any color.

It is preferred that our logo is represented free of a container but if a container works best for your needs, feel free to use either a circle, square, or square with rounded corners.

Using OnlyFans Marks

The OnlyFans marks include, but are not limited to, the OnlyFans name, OnlyFans logo and any word, phrase, image, or other designation that identifies the source or origin of any OnlyFans product. Always capitalize the O and F in “OnlyFans.”

Please don't:

- Use the brand elements in a way that suggests or implies a partnership, sponsorship, or endorsement by OnlyFans.
- Incorporate OnlyFans brand elements, or anything confusingly similar, into your own trademark, logo, product or service name, domain name, or username.
- Alter any part of the OnlyFans brand elements.
- Copy the OnlyFans look and feel, including imitation of the OnlyFans user interface.
- Feature OnlyFans brand elements in connection with illegal activity or other material that violates our Terms of Service.

Naming and visual design (logos, websites, products)

Never use OnlyFans logos or icons as your own. Please don't incorporate OnlyFans' marks, in whole or in part, in the name of your company, product, service, website, domain name, application, or website.

Books or publications (education, instructionals, guides, conferences)

Remember to always be clear that it's about OnlyFans, not by OnlyFans. Please name your books and publications something unique, and do not incorporate OnlyFans' marks in the title or cover.

Merchandise

A product branded with the OnlyFans name or logo is a reflection of OnlyFans. Unless the OnlyFans logo is locked up with a name or username, or you're using it with other social media icons, we don't allow others to make, sell, or give away anything with our name or logo on it.
